**Amendments to the Specification:**

Please replace the first paragraph on page 1 under the title "Computer Controllable LED Light Source for Device for Inspecting Microscopic Objects" with the following rewritten paragraph:

The present invention relates to automated inspection devices, and in particular to automated inspection devices having computer controllable light sources. This application is a continuation in part application of US patent application Serial No. 09/982,048 filed October 18, 2001, now US Patent No. 6,985,616, issued on January 10, 2006, which is incorporated by reference herein.

Please replace the first full paragraph on page 4 with the following rewritten paragraph:

Research efforts are underway to try to solve the above problem, but they are inadequate for the needs of the industry. One such effort is described in Jurisica et al. "Intelligent Decision Support for Protein Crystal Growth" *IBM systems Journal*, Vol. 40, No 2, 2001. ~~Another such effort is described at the Website [www.dsitech.com](http://www.dsitech.com).~~
